

Russian Orthodox Church of the Tsarist Empire about the Jewish plan to exterminate the Slavs.

Rebbe Menachem Mendel (Mendel) Schneerson is one of the Jewish spiritual leaders of the 20th century. He took over the leadership of the Chabad-Lubavitch movement in New York (USA) on January 17, 1951. Rabbi Menachem Mendel Schneerson turned the movement into one of the most widespread Jewish movements in the world in the period from 1951 to 1994. Chabad-Lubavitch created an extensive network of institutions, including in the Russian Federation under his leadership. According to Article 28 of the Constitution of the Russian Federation, everyone is guaranteed freedom of conscience, freedom of religion, including the right to profess individually or jointly with others any religion or not to profess any, to freely choose, have and disseminate religious and other beliefs and act in accordance with them.

This article gives the right to all religions: Orthodox and Muslims, and sectarians, and Jews to profess their religion and freely act in accordance with it, in accordance with the teachings contained in the doctrinal books of such religions. The Talmud is the doctrinal book of Orthodox Jews, members of the Chabad-Lubavitch sect. The Talmud, by which they live, prescribes them - the Jews - to hate Christians, for the more Christians they kill, the sooner their antichrist will come. In 1994, Schneerson said his speech about plans to destroy Russians and Slavs in general, which is essentially terrorism and more. Terrorism is the capture of people and their murder for various ideas. So in this speech, Schneerson's entire plan to seize Russian land and kill our people is pure open terrorism, genocide. And in general, his words and convictions sometimes have no name. For this is a super crime against humanity in general, open fascism, which has not existed in the history of the world.

We will cite the text of Schneerson's speech (source: video - <https://ok.ru/video/9218803894950>,

Official publication of the text of the speech is in the newspaper "Slavyanin", No. 4 (32), 2001, Volgograd):

1. Our special tactics of fighting the red-brown (and all Slavs are red-brown), due to its isolation, is Secret Knowledge. We will direct the main

spearhead of the struggle against the Slavs, except for the renegades who have become related to the Jews by the same interests. True, we will remove these "related" from our society then, after

using them for our own purposes. The Slavs, and among them the Russians, are the most rebellious people in the world. It is unruly due to the nature of his psychic and intellectual abilities, laid down by many generations of ancestors, genes that cannot be altered. A Slav, a Russian, can be destroyed, but

never subdued. That is why this seed is subject to liquidation, and at first - a sharp reduction in its numbers. (The following are being violated: International Conventions, Declarations, Pacts, from those listed after the speech, the Nuremberg Trials, the Constitution of the Russian Federation.

2. Our methods of struggle will not be military at all, but ideological and economic with the use of security forces equipped with the most modern types of weapons for the physical suppression of the rioters with even greater cruelty than was done in October 1993 during the shooting of the Supreme Soviet of Russia.

First of all, we will dismember all the Slavic peoples (there are 300 million of them, half of them are Russians) into small, weakened countries with severed ties. Here, we will use our old method: divide and rule. We will try to pit these countries against each other and draw them into internecine wars with the goal of mutual destruction. The Ukrainian will think that he is fighting against expansionist Russia, fighting

for his independence, will think that he has finally gained his freedom, while he is completely dependent on us. The Russians will think the same, as if they are defending their national interests, returning the lands that were "illegally" taken from them, and so on. We will do all this under the pretext of different sovereignties, the struggle for their national ideals. We will not allow either side to self-determine on the basis of national values and traditions at that time. In this war of fools, the Slavic cattle will weaken themselves and strengthen us, the main conductors of the turmoil, who allegedly stand aside and not only do not participate in the bloody events, but do not interfere in them. Moreover, we will completely protect ourselves. We will instill such stereotypes of thinking in the consciousness of the profane (uninitiated) Slavs, in which the most terrible word will be "anti-Semite". The word "Jew" will be pronounced in a whisper. With several trials (like the trial of the anti-Semite Ostashvili with his subsequent destruction) and other methods (radio, television - frightening films, like the revenge of the Israeli superintelligence Mossad for the murders of Jews) we will intimidate the cattle so much that not a single hair will fall from the head of a single Jew, while the Slavs will be shot in batches, destroyed in thousands - on the borders, where Jews do not serve, in peacekeeping forces, by terrorism, contract and criminal murders ... " (We see the result of the implementation of this plan with our own eyes in the armed conflict of the pseudo-state entities of the Russian Federation and Ukraine, as the representatives of the Jews themselves openly say:

"Greetings, my dear brothers: Chabadniks, Zionists, Jews. For my part, I consider it important to repeat, so to speak, to open up curtain of ignorant goyish substance in the sphere of how much they, for their part, are capable of showing naivety a year and a half after our remarkable bloody and dramatic theater in the sphere of five-hundred-day Korbangishefta of goyish carrion. I am no less able to amuse myself with the fact that, how much these creatures, for their part, are capable of showing such a quality as naivety. Ukrainians hate Russians, Putin. Russians hate Ukrainians, Zelensky. After such a triumph, do we not have the right, my brothers Jews, to consider ourselves geniuses? Given how much the goyish carrion is mutually ready to self-carbonize, like spiders in a jar to destroy each other. Agree, after all, this is precisely the reason that we, for our part, are forced to maintain an ironclad power over this herd. Total power..." (Video link: <https://ok.ru/video/7773652453962>)

"... 3. The stupid Slavic ethnic group does not understand that the most terrible fascists are those who never, anywhere, speak about it out loud, but organize everything supposedly according to the most democratic norms (like the presidential elections in March). On the contrary, we will make the very word "fascist" a swear word. Everyone we hang it on will be afraid of this label. We know very well that nationalism strengthens a nation, makes it strong. The slogan of "internationalism" is outdated and no longer works as before, we will replace it with "universal human values", which is one and the same. We will not allow any nationalism to rise, and those nationalist movements that seek to remove the people from our dictate, we will destroy with fire and sword, as is done in Georgia, Armenia, Serbia. But we will ensure the complete prosperity of our nationalism - Zionism, or more precisely: Jewish fascism, which in its secrecy and power is a super-fascism. It was not for nothing that the UN General Assembly in 1975 adopted a resolution in which it defined Zionism as the most blatant "form of racism and racial discrimination", but due to our victorious march across the planet, in 1992 it canceled this decision. We made this international body a weapon of our aspirations to seize power over "all kingdoms and peoples". 4. We will deprive the large population of Slavs of the national elite, which determines the development of events, the progress of the country, and, in ultimately, the entire course of history. To do this, we will lower their educational level - in the next 5 years we will close half of their institutes, and in the other half we will study. We will also let in Armenians, Chechens, Gypsies and the like. We will strive to ensure that in the governments of the Slavic countries there are as few representatives of the indigenous peoples as possible, who will be replaced by our Jewish elite. In the mass media - on radio, television, the press, in art, literature, theater, cinema, we will gradually displace national personnel, replacing them with ours or, in extreme cases, cosmopolitan ones. Humanization of education will be carried out, as a result of which the subjects structuring the thinking of the left and right hemispheres of the brain will be reduced and destroyed:

a) language and literature,

b) physics and mathematics.

Nothing to say about history. We will give the cattle our view of history, where we will show that all human evolution moved towards the recognition of the God-chosen nation of Jews as rulers over the entire world.

In exchange for national values, we will give you the patriotism of the balalaika and drunken tears. And here our goal is to replace the red-brown elite with ours. We will not allow the development of science in these countries. And the core of scientists (the Academy of Sciences) will consist of our people. We will not allow any high technologies, which will lead to a complete decline of industry, which we will narrow down to the production of basic necessities for a limited contingent of slaves who extract raw materials for us. There are many engineers, skilled workers, teachers among the city dwellers . We will create such conditions for their survival (no job, high rent, utility bills, travel) that they will flee themselves, as Russians are now fleeing from the CIS countries, to remote villages in the north, where it will seem easier to live, which in fact will also be a deception. Corrupt the youth - and you will defeat the nation! This is our motto. We will deprive your society of youth, corrupting it with sex, rock, violence, alcohol, smoking, drugs, that is, we will deprive your society of a future. We will strike at the family, destroying it, we will reduce the birth rate. (The following are violated: International Conventions, Declarations, Covenants, among others

We'll hit family, destroying it, we will reduce the birth rate. Hitler was a stupid boy. He acted directly, openly. And it was necessary to do an incredibly great job - to burn, shoot, bury millions and so on. He left bloody traces. We act more cunningly: we will have no traces. To reduce the birth rate at least by half - it means to destroy 2-3 million Russians a year without any physical effort. No need for ovens, cartridges, graves. And there are no traces. Not born. There are no guilty ones. We will create better living conditions for criminals than for working cattle, we will release criminals from prisons so that there will be more murders, robberies, instability. The amnesty will apply only to thieves and murderers, in short, to everyone except those convicted under the article for "inciting interethnic hatred", which now replaces the law on anti-Semitism. We will sow fear among the people. Fear for a life that will become worthless, fear for a job that can be taken away at any moment, fear for the future of your... We will rule by fear. 5. These grandiose tasks will be implemented in several stages. Already 85% of the Arctic Ocean shelf is now (the general public is not yet aware of this) in our hands, thanks to the confusing and unexplained to the people treaties concluded under Gorbachev and Yeltsin.

Already now, one and a half million Armenians live in the lands of southern Russia - this is our outpost. At first, for deception, we will declare an Armenian republic in Kuban, then, having expelled the Cossacks, we will transform it into Khazaria - Israel.

What will help us is that the Cossacks are constantly drunk, love power and are ready to fight with each other on this basis. True, there is another structured organization - the Orthodox clergy. We will send our Jewish representatives there as priests, who are allowed to outwardly perform the rituals of other religions, according to the Talmud, while preserving their Judaism in their souls. We will bribe the rest. And those who do not give in - we will destroy. The Russians do not have any more or less organized structures, and the cattle are not able to unite and create them, because the Russian cattle have already themselves to death and degraded and are not capable of structuring. We will drive all the highlanders to where they should be - high in the mountains.

At the same time, we will cut off the Russians from the East with the help of the Great Arc. A confederation of free peoples will be created, "Idel-Ural", cutting off the Urals and Siberia from Central Russia (Komi, the Komi-Permyak Republic, Udmurtia, Great Tatarstan, Bashkortostan and the Republic of the Volga Germans, created by a secret agreement with Germany). Then the arc will pass lower along Kalmykia, Dagestan, Azerbaijan, and will join Turkey. And beyond the Urals - everything is simpler: sovereign, supposedly liberated from the Russian yoke, Sakha, Chukotka, Buryatia ... We will create such an unbearable situation there that the national minorities themselves will ask "Western society" to protect them from the bloody Russian colonizers. If the USA bought Alaska from Russia in the last century, then it will buy Siberia completely in the 21st century. Which will include the Siberian territories between the Yenisei in the west,

the Arctic Ocean in the north, the Pacific Ocean in the east and the borders of China, Mongolia and North Korea in the south. These lands are twice the size of the United States itself. An acre of land will be bought at a price of \$1,000, while all of Siberia will have to be paid \$3 trillion over 20 years. Annual payments will amount to \$200 billion, half of which will go to purchase goods from the United States. Siberians will not go anywhere because they will have to submit to some foreign influence, and the United States looks nicer than its Asian neighbors. After all, Vladivostok is closer to Los Angeles than to Moscow...

6. In order to carry out all these events that are extremely important for us, we will give the Slavic cattle a monarchy under the guise of "democratic reforms." A puppet president for each. And more glitter, noise, pomp! Monarchism is good in that it directs all the energy of the masses into a whistle. It distracts from our secret active work on structuring the population according to the model we need. The President is a screen, supposedly elected by the people (and we will falsify the election procedures so that everything will seem legal), from behind which we will manage all the necessary processes. The President will be endowed with unlimited powers. By reshuffling the personnel in the highest positions of the security forces, he will put our people at their head. The army, the Ministry of Internal Affairs, the FSB and all sorts of special forces will be directly subordinate to the President. And that means to us. In our hands will be only the strings that go to the President's hands. And we will pull these strings as needed to implement the grandiose plan of conquering all tribes and kingdoms, subordinating them to our supra-people, chosen by the God of Israel. 7. But the main thing is money. They do everything. They are the power. They are the force. Whoever has the money it has the weapon. The most modern. He has a mercenary army. Money owns the media, fooling billions of human cattle. They bribe the people we need. They remove the disobedient. They bomb the resisting fans - Iraqis, Serbs, and in the future - Russians. Capital and the seizure of power decide everything. We have been practicing the accumulation of capital and the seizure of power for more than three thousand years, and no one can compare with us in this matter. You do not have your own money. You don't have any power either. You do not have it, and you will not have it! We will not give it to you! We

hate you immensely! This hatred gives us the strength to smile sweetly in your face, to gain your trust and control you, showing "care" for you and your children, future grandchildren, and great-grandchildren who will not actually appear. You are doomed. And until you understand this simple truth, until you twitch, you will be beaten more than necessary. If you are obedient, there will be 65-70 million of you left, otherwise 40-45 million. The main thing now is to hold on for at least another 2-3 years.

And then there will be no problems for us here in this country. We will create such protective means that none of you will even budge. Everything that will be known to us is controlled and secretly managed. And no one will be able to stop us!

What we will do:

1. The world's reserves of industrial raw materials are depleted, and by the beginning of the next millennium "Western society" will not be able to maintain its current level of consumption without replenishment from new sources – colonial donor countries. Therefore, our aspirations are now directed at Russia with twofold goals: first is the liquidation of the most powerful and independent empire, occupying one-sixth of the earth. Second is the seizure of its wealth, which makes up 60-70% of all the world's raw materials and 75-80% of the world's discovered oil and gas reserves, concentrated in Siberia and on the shelf of the Arctic Ocean.

2. The planet is experiencing intense climate warming. The desert is advancing north at a rate of 10 km per year, the land is dehydrating at a rate of 25 m per year. Already now, the ancient centers of the world such as Athens, Rome and, most importantly, Jerusalem (Israel) are in the zone of artificial irrigation only. We will have to think about resettling huge masses of civilized peoples north of their current residence in 20-30 years. By that time, Kuban, Rostov Oblast, Ukraine will have an amazing subtropical climate, and the Black Earth Region and northern Ukraine will have the climate of today's Ciscaucasia. If we recall history, we must admit that these lands are the original lands of ancient Jewish Khazaria, that is, Israel, captured by Kievan Rus in the 10th century. The Slavs are temporary guests here and are subject to eviction. We will return this territory and create Great Khazaria on these fertile lands - a Jewish state, just as we created Israel 50 years ago, pushing out the Palestinians. Some of the Israelis will move here, and we will drive the Slavic cattle far to the north, beyond Moscow. There will be a small northern territory there - a reservation with a compact population, a reservation similar to the Indian ones in America." As you can see, the speech of the super-fascist Schneerson about plans to exterminate millions of Slavic people is unprecedented in its cynicism, cruelty, misanthropy, blasphemy and violates the norms of international declarations, conventions on the protection of human rights, the Constitution of the Russian Federation and its domestic legislation and is punishable by law in accordance with the Criminal Code of the Russian Federation (hereinafter - the Criminal Code of the Russian Federation). In particular, Schneerson's statements violate: - "The Universal Declaration of Human Rights", adopted by resolution 217 (III) of the UN General Assembly on 10.12.1948 Art. 1 (All human beings are born free and equal in dignity and rights), 2 (Everyone has the same rights and

From the above, we can draw the following conclusion. The global sect "Chabad-Lubavichi" is death to everything Divine in people, a Jewish, satanic opposition to reason. The main goal of Chabad is the reorganization of the world and the proclamation of the reign of the Mashiach (Messiah, Antichrist). Schneerson's plan to destroy the Slavs is being carried out by the current representatives of the Chabad-Lubavichi sect. In reality, as we see, this plan has been practically implemented to date.

Berl Lazar, Chief Rabbi of the Russian Federation and a representative of the Chabad-Lubavitch sect in the Russian Federation, said on the day of the celebration of Schneerson's 120th anniversary of his birth: "On Tuesday, 11th of Nisan, on the eve of the holiday of Passover, we celebrate one hundred and twenty years since the birth of our Rebbe. This is an important moment for each of us - after all, the Rebbe is the leader of our people because he showed us all the right path, brought a new understanding of how to live, and why we live at all" (source: website of the Institute of Religion and Politics: <https://irp.news/lazar-120-let-rebekak-on-stal-liderom-i-uchit-preodolevat-zlo/>).

Alexander Moiseevich Boroda is a Russian religious and public figure, president of the Federation of Jewish Communities of Russia since February 2008 (re-elected in 2020). Founder and director of the Jewish Museum and Tolerance Center. Member of the Public Chamber of the Russian Federation since 2009. On the day of the celebration of the 120th anniversary of Schneerson's birth, Boroda A.M. said: "For millions of believing Jews around the world, his spiritual leadership identifies a new era of Judaism, based on principled fidelity to the commandments and, at the same time, the accessibility of the traditional Jewish way of life. I wish all of us to be worthy successors to the Rebbe's work! Currently, their entire policy is under the influence of the Talmud. According to the Talmud, Jewish souls are divine, others are of animal origin. According to this book, there is a conflict between two civilizations: the God-chosen Jewish with the culture of the goyim (non-Jews). The civilization of the goyim, in their opinion, must disappear from the face of the earth. In their Talmud, it is also written down, as an order for implementation, that these Jews kill us - Russian people and all Christians, our children, and even vilely talk about the fact that they are allowed, according to the Talmud, to rape small children. They call us, that is, all non-Jews, slanderers. It is like vomit and excrement. They call us in the Talmud pigs, who must be deceived, robbed and killed, and only a Jew is called a man. And this Talmud is legalized in Article 28 of the Constitution of the Russian Federation, that is, satanic fascism is legalized. And all people through their passports took an oath (Federal Law of 04/28/2023 No. 138-FZ "On Citizenship of the Russian Federation", Article 21) of allegiance to the Constitution of the Russian Federation, the Talmud. That is, they took an oath that they are an animal, that is, not a person, because according to the Talmud, only a Jew is a man.

The Jews themselves, even those who justify themselves in court and lie that they do not sacrifice people. But this lie is destroyed by their own Talmud, for any Jew says that they sacrifice only animals and they confirm this. But the entire Talmud and the book Tanya call all non-Jews animals, therefore, when they kill children, they think that they are not people, but animals. According to their belief, all nations are animals, unless they are Jews.

And since they are animals, it means that they kill people like animals. Therefore, the Jews, who openly say that they kill children in the basements of the synagogue, we have to believe in this, because their Talmud proves it.

And people took an oath so that these Talmudic prescriptions would be carried out on them, so that they would be sacrificed to the devil, their children would be killed, they would be raped, they would be robbed.

Through the oath to the Constitution of the Russian Federation, people were deceived into committing the above-mentioned crimes. And people who are in the Russian Federation became criminals of the law of God and criminal laws. In essence, a citizen of the Russian Federation became an accomplice of fascism, terrorism, Satanism, genocide. The Jews involved people in the construction and expectation of their Moshiach, that is, "the beast." People became participants in the construction of a world without Christ.

We, the Russian Orthodox Church - the Tsarist Empire, say that we did not create anything, but only emphasize the territory not of the Russian Federation (whose jurisdiction is on the continental shelf according to paragraph 2 of Article 67 of the Constitution of the Russian Federation), but of the Tsarist Empire (the territory that was under Tsar Nicholas II), because many people themselves say that the Empire is spiritually alive. The Tsar did not abdicate the throne and there are many prophecies of the saints about the coming Tsar. All this proves that the Tsarist Empire is alive. We only confirmed this, indicating the territory on which the Orthodox Church of the Russian Orthodox Church of the Tsarist Empire is located. Based on the above, being in the Jewish Russian Federation means being a criminal of God's law and good secular laws. Therefore, we are the children of the Russian Orthodox Church of the Tsarist Empire left the Russian Federation. And being in the Russian Federation is not only a betrayal of God, but a crime against all laws.

Result: Don't you see that Satan has already fulfilled this monstrous plan, which was voiced by Schneerson back in 1993 and the devil carried out this plan through the son of lawlessness, the Antichrist-Putin, who has been denounced for more than a year by the Prophet Elijah and the entire Tsarist Empire, for which he languishes in prison.
